

6.0 Appendix 3 - Workshop Participants

6.1 Introduction

The development and review of the scenarios which led to the identification and scoping of research priorities included the following two major events that involved representatives and experts from outside organisations: an Initial Design Workshop taking place on 19th November in Manchester at the University, and a Final Scenario Workshop, taking place in London on the 19th and 20th February 2004 at the King's Fund.

Attendance at the first event comprised members of the IAF and PREST/UMIST and members of the Programme Advisory Team who were recruited from outside to help with the development of the drivers and scenarios.

6.2 Design Workshop

6.2.1 Invitees to the Initial Scenario Design Workshop

- Dr Joanne Wade, Association for the Conservation of Energy *
- Dr Adrian Bull, BNFL *
- Mr Graham May, Visiting Fellow, PREST, University of Manchester
- Dr Doug Parr, Greenpeace (did not attend)
- Dr Elaine Jones, Tyndall Centre *
- Dr. Margaret Maier, DTI *
- Mr Julian Carter, Renewables NorthWest *

6.2.2 Those attending from the project team comprised:

- Dr Clem Bezold, IAF
- Mr Robert Olson, IAF
- Professor Ian Miles, IOIR PREST
- Dr John Rigby, IOIR PREST
- Dr Simon Shackley, IOIR / MSM UMIST
- Dr Kevin Anderson, IOIR / MSM UMIST

6.2.3 The Agenda for the Design Workshop was as follows:

Design Workshop, 19 November 2003

Project on Moving Toward A Sustainable Energy Economy

10:00 Welcome and Introductions

10:20 Objectives and Agenda for Today's Workshop

10:30 Overview of the Project

- Goal: Help set priorities for economic and social research
- Approach: using futures thinking to enhance creativity
- Identifying and forecasting driving forces of change
- Creating scenarios– proposed scenario types
- Using scenarios to explore research priorities

11:00 Brainstorm on Driving Forces Shaping the Energy Future

11:30 Discussion/Evaluation of Driving Forces

12:30 Lunch

1:15 Interaction between Sustainable Energy and RELU Teams on Potential Overlap in Drivers

1:45 Final Discussion of Drivers and Vote on 10-12 Key Drivers

2:45 Brainstorm on potential people to interview in forecasting the Drivers

3:15 Discussion of Scenario Types and their implications for developing forecasts for drivers

3:40 Next Steps and role of the Project Advisory Team

4:00 Adjourn

6.3 Scenario Workshop

6.3.1 Attendance at the Final Scenario Workshop was as follows:

Dr Andrew Dlugolecki	Andlug Consulting
Dr David Bailey	ALSTOM
Dr Jim Watson	SPRU
Dr Joanne Wade	Association for the Conservation of Energy
Mr Adrian Bull	BNFL
Dr Eimear Cotter	Environment, Sustainability and Energy Forum, Royal Society of Chemistry
Dr Elaine Jones	Tyndall Centre
Mr Ken Green	NWDA
Dr. Tim Foxon	Imperial Centre for Energy Policy and Technology (ICEPT)
Mr Paolo Agnolucci	PSI University of Westminster
Professor Paul Ekins	PSI University of Westminster
Dr Paul Jefferiss	RSPB (did not attend)
Dr David Elliott	Open University Technology Policy
Dr David Toke	Birmingham University
Ms Andrea Kaszweski	WWF
Mr Gary Grubb	ESRC
Mr Oliver Moss	ESRC

6.3.2 Members of the Study Team

Dr Clem Bezold IAF
Mr Bob Olson IAF
Professor Ian Miles IOIR PREST
Dr John Rigby IOIR PREST
Dr Simon Shackley IOIR / MSM UMIST
Dr Kevin Anderson IOIR / MSM UMIST
Mr Joe Ravetz
Mr Todd Erickson
Miss Heidi Pearson

6.3.3 The Agenda for the Scenario Workshop was as follows:

Thursday 19 February 2004

10:00 Welcome & Introduction

10:30 Scenarios

12:45 Lunch

14:00 Scenarios Continued

17:00 End of Day

Friday 20 February 2004

9:00 Introduction to Day 2

9:15 Social Science Research Priorities

12:30 Lunch

13:30 Uses and Users of Social Science Research

15:30 Concluding Discussion

16:00 Workshop Ends
